

SN828

ZE322

ZE522

Performance Features

Excellent wet traction

- Four straight wide grooves provide faster water drainage

High gripping power

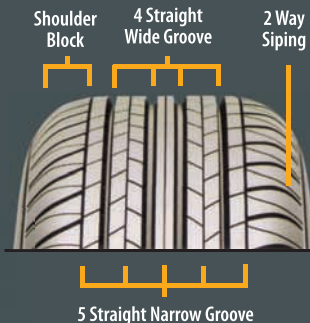

- High grip cap compound
- Tight blocks on shoulder enhance gripping at cornering

Quiet and comfortable riding

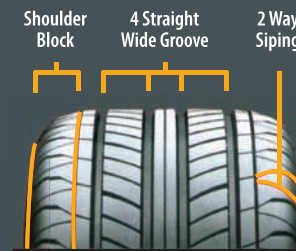

- Noise absorbing base compound
- Two way siping and phased-shifted various pitching blocks minimize noise level

For Compact to Medium Cars

For Sporty and Luxury Medium to Large Cars

For Compact to Medium Cars

CP Mark on ZE322 Tread • UTQG: 300AA

CP: Check Point

- For: To know wear ratio
- To know irregular wear
- To decide rotation
- CD depth: 2mm & 3mm
